

PSLWeb Information Sheet

About PSLWeb

PSLWeb.co.uk was created with the aim of providing professional low cost bespoke websites, web applications and web consultancy for individuals and small businesses alike. We design our websites with a strong emphasis on clarity, usability and accessibility (a requirement under law in many countries including the U.K. and the U.S.A.).

Pricing

Web design and development work is priced on an individual basis and may be costed at a fixed fee or on a per-hour basis depending on your requirements. We will usually be able to provide you with a firm written quotation outlining all the costs after our initial meeting.

We believe our pricing is extremely competitive and we will usually match any quotation given by another professional web design company. Furthermore we also give an unconditional money-back guarantee should you not approve of our design for your website¹.

Ownership

Your website is your property and you retain complete ownership of your domain name and control of the site should you ever wish to move it elsewhere².

The Importance of Standards

Web Design is an ever maturing industry and we will design and develop your website according to the official recommended standards of coding, accessibility and usability as defined by the World Wide Web Consortium and other related bodies.

The Importance of Accessibility

With almost two million blind or visually impaired people in the U.K. alone, your website needs to meet the requirements of good accessibility. This is a legal requirement in many countries including the U.K. and the United States. Furthermore, an accessible website will be open to more potential visitors!

Warranty

Your site carries an automatic one month warranty in which we will fix any errors, issues or problems for which we are responsible absolutely free of charge.

Further Information

PSLWeb are always happy to clarify any issues or answer any questions you may have on the web design process, our services, pricing or any other related subjects.

¹ We will only ask you to sign off as approved our design for your website if it meets your full expectations.

² See our Terms and Conditions for full details (www.pslweb.co.uk/contact/terms.htm) or a copy available on request.
